

# Cargo to Grenfell

## Annual Fundraiser Walk

ACN: 632 264 021

ABN:41 632 264 021

## Community Engagement Notice

As Founder of the Cargo 2 Grenfell Fundraiser Walk, it is with great pride that this organisation can create an impact on communities in the wider Central West region of NSW

The aim was and remains to continue our commitment to helping those suffering with mental health related issues

Thanks to wonderful assistance, the volunteers, participants of the event, small and large business', and a driven network of likeminded people – the opportunity to do something significant in the community is quite humbling

As we move forward with our development of the C2G Walk event and the coordination of the wonderful community programs, we would like to extend our best, whole hearted appreciation to those working within the industry who dedicate their time providing informative, research based resources and services in which we can offer to those in need

We will continue to make a difference and help support those in need

Yours Faithfully,

Toby Barons

Director
